

How to Add a QR Code to Your Vaccination Certificate in VAMS

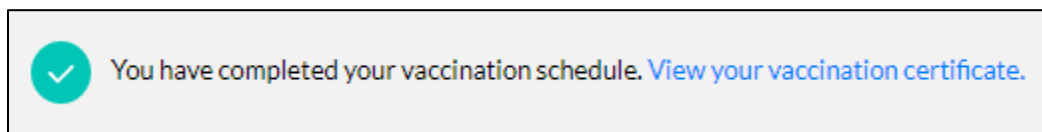

Registered VAMS users are able to add a QR Code to their official vaccination record in VAMS

Add a QR Code to your existing vaccination record

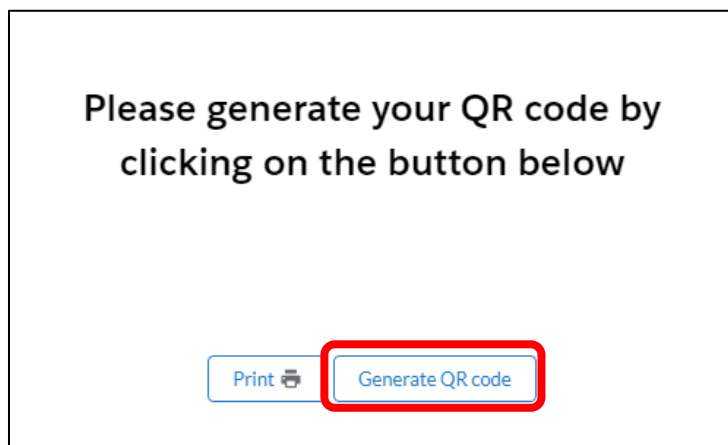

Step 1 -- On the **VAMS landing** page select **VAMS recipient login**.

Step 2 -- On the **My Appointments** page, click the **View your vaccination certificate** hyperlink.

Step 3 -- On the **Certificate of COVID-19 Vaccination** pop up, click **Generate QR code**

Step 4 -- You will be prompted to create a **Personal Identification Number (PIN)**. Enter your 6 – 8 alphanumeric PIN and click **Save**

Pin creation for vaccine certificate QR code

Create your pin for accessing your vaccination certificate. The pin needs to be 6 - 8 alphanumeric characters. Please note, every time you scan the QR code, you will be prompted to enter this pin for access to your vaccine certificate.

Save

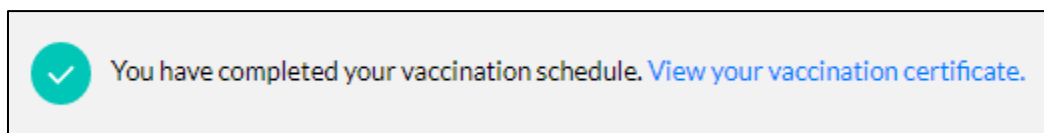

Note: Your PIN should be kept in a secure location and not shared!

Users can scan your QR Code to view your vaccination record and verify vaccination status. Once your code is scanned you will need to enter your PIN number. To maintain security, remember not to share your PIN number.

To Print your Vaccination Record

Step 1 -- On the **My Appointments** page, click the **View your vaccination certificate** hyperlink.

Step 2 -- Click **Print** – this will download the certificate to your device.
